

# TIMES TABLE CATCH

Can you be a clever mathematician?

$$7 \times 3$$

## HOW TO PLAY GO CATCH!

- > Using a beanbag, soft toy or ball, in pairs or a family group, stand in a circle
- > Throw the item to the person next to you and say a number e.g. 3
- > Then throw the item to the next person who also says another number e.g. 4
- > Then throw the item to the next person who completes the sum e.g.  $3 \times 4 = 12!$

**SUITABLE FOR:** Ages 9-14

**TAKES:** 20-30 minutes

### YOU WILL NEED:

- > Beanbag, soft toy or ball

### SAFETY...

As with any activity consider the space e.g. may need to move tables and chairs

### REMEMBER

This works for adding, subtracting and dividing numbers etc. to increase mental arithmetic

### Why not try?

- > Doing this activity with another person in the house
- > **For parents and children over 13 years of age:** Filming the activity on your phone and see what other families are doing. You can post on Twitter @JoinUsMovePlay or Facebook #JUMPAthome

### CHALLENGE!

The person throwing could also give instruction such as jump 5 times or 5 star jumps!
