

JU:MP Community Grants Programme Information & Guidance (July 2024)

(Join Us: Move Play) JU:MP is focused on improving the health and wellbeing of children aged 05 – 14 and their families, through physical activity in and across Bradford District in particular focusing on **Keighley, Great Horton, Bradford Moor and Tong. JUMP therefore welcomes applications from these areas.**

The Community Grants programme will collaborate with local communities and organisations to increase opportunities for children to be active and will also focus on making improvements to local parks and greenspace. Ultimately, it aims to support children and families to enjoy being active.

The pilot is a lottery funded programme with Sport England and has research embedded throughout; testing innovative approaches in order to learn more about what works, sharing its discoveries widely and its approaches to physical activity.

Children say that they want fun, informal activities near to where they live and these are the types of physical activities that we are looking to fund; play, dance, sports, martial arts, games, walking, cycling and exploring the outdoors.

So, if you have a great idea to get children and young people physically active, we really want to hear from you.

Who can apply?
